I'd prefer a meeting, even if only 30 minutes, be put on the calendar.

Tanya – Based on Jeff's input yesterday at the NPCD general on a few of the outstanding issues I think we can work with OGC to sort things out further and proceed without DAA input and let them review/weigh-in when they see the final FRN, thus skip a DAA meeting unless in the meantime they ask for one. If that works for you then no need to request a meeting and alter the schedule.

Thanks, Erik, et al. I changed the file name. Please revise this version. Also, the schedule should show when we're proposing to meet with the OD/DAA to obtain input, but I don't see that. You need to add a line in to that effect and send up a meeting request. Any concerns?

Subject: Tanya Review revised final asbestos SNUR schedule

Tanya-

The OCSPP DAAs are asking for revised final SNUR schedule, see 1st tab of the attached spreadsheet. Basically the schedule accounts for the shutdown delay and that we need time to obtain OD/DAA input on a few outstanding issues before wrapping up a draft for WG review. There are a few significant issues that need OD/DAA input:

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Assuming we can get DAA input on these issues by week of Feb 11, we'd shoot to start WG review ~Feb 19 and have signature 3/28.

We are trying to meet with Steve A. early next week to prep for developing a briefing paper and then send a OD/DAA meeting request.

Thoughts?

Erik

Erik,

Updated asbestos SNUR schedule attached. I created a formula so now it should all automatically update. Let me know if you have changes.

Lea
